

THE CHARLEROI MAIL

VOL. X. NO. 56.

CHARLEROI, WASHINGTON CO., PA. FRIDAY, OCTOBER 22, 1909.

One Cent

CITIZENS PROPERLY AROUSED

In all probability a meeting of citizens will be called shortly to take some steps toward protesting against the arbitrary raise in the price of gas by the Greensboro Gas company, which has a monopoly in that public service in Charleroi. Both Donora and California, where the company also has a monopoly in the service, are making a big kick and a movement is on foot to have all three towns unite in legal proceeding to compel the gas company to show cause why it raised the price to consumers in these three towns when in others not far distant its rate is forty per cent. or more lower.

The plan suggested is to file a bill of equity with the court, as was done against the Charleroi Water company here. Natural gas companies are quasi-public corporations at least, and the transportation and supply of natural gas for public consumption is declared by law to be a public use and is therefore subject to inquiry and regulation. While the law permits a gas company to increase its rates in the event of a falling supply, the fact that the Greensboro company is discriminating in its rates to the public seems to be good grounds for the belief that the increase was made solely because the company has the power to do so. All the towns have been exceedingly liberal with the Greensboro Gas company, and none of them have enforced the police regulations against it that boroughs are legally entitled to do.

One of the police regulations that the company has always escaped in Charleroi, at least, is taxing the pipes in the borough. It has been decided by the highest courts that boroughs have this right and are clearly entitled to it because of the expense and danger the companies entail on the public by reason of occupying streets and other public places. One of the notable cases on record is that of the borough of Kittanning, which imposed a license tax of \$30 a mile on all pipes of the Kittanning Consolidated Natural Gas company. This concern claimed the tax was excessive, and carried it to the highest court of appeals, but that body decided that the \$30 a mile tax was a reasonable license tax. A sentiment is now in favor of making the gas company comply with all reasonable regulations, inasmuch as it has seen fit to apparently bleed the public simply because it has the power to do so.

TRUANT OFFICER ARRESTS PARENT

George Burwin was before Justice S. E. Wilson last night, on a charge preferred by Truant Officer Gilbert Uptegraft, of keeping his 12-year-old daughter out of school.

Truant Officer Uptegraft said that he had learned that the girl had not been in attendance at school for ten days, the excuse of sickness offered, not being entirely correct. The man was found guilty and fined \$2.00 and costs. If the offense is repeated he will be arrested and given a heavier fine.

Chicken and biscuit supper under the auspices of the Ladies Aid, in basement of First Christian church, Saturday, October 23, 1909. Children under 10 years, 25 cents. Adults 35 cents.

TREASURER LANE NOT AMONG THOSE WHO WERE DUNNED

County Treasurer W. E. Lane is one of the county treasurers of the State that has not been "dunned" by State Treasurer Shantz to turn in the fines reported from justices for Sabbath breaking. During the period from January 1 to October 1 he has forwarded to the State Treasurer \$38. Fines amounting to \$90.76 have been forwarded to the Secretary of the Department of Fisheries for violation of the fish laws, also fines amounting to \$45 to the Secretary of the Game Commission for violation of the game laws.

FOUR MONTHS ONLY LEFT FOR BUSINESS

Whether the Roscoe council will get any business transacted this fiscal year or not is a question. There are yet four months to go, and no business transacted as yet, not even an organization, and unless the court sets things straight there will not be any business done. A great deal depends on the case in court set for argument on Monday, October 25.

There are two factions, one led by M. Collins and the other by Alf Thomas, each claiming to be the regularly organized councilmanic body. Which one really is legal is a problem that Socrates would have lost sleep over. But the people of the little place are comparatively happy, being free from some burdensome taxes. There not having been any meeting there could not be any tax levy fixed, and there were no bills, so there is a period of ease.

Naturally each faction blames the State this county got ten. There are 1,164 adult organized classes in the State. Of this number, there are 40 in the First Washington county district, and 30 in Charleroi. The Charleroi classes are grouped as follows: Methodist, 8; Christian, 7; First Presbyterian, 5; Washington Avenue Presbyterian, 3; Lutheran, 2; African Methodist, 2; French Presbyterian, 1; Baptist, 1; Episcopal, 1. In the First Presbyterian Sunday school, there is an organized class for every 48 pupils.

After the hearing of the reports and the discussion of various other matters in connection therewith, a social session was held, and light refreshments were served. Out of the 110 members of the organized classes, over 100 were present.

FIRST TIME IN TOWN SINCE '88

"Booster Week" at Monongahela, which began last Saturday under most auspicious circumstances, has proven a signal success all the week, and promises to wind up Saturday with a climax that will surpass all trade records. After the opening last Saturday, which surpassed all previous trade records, the "booster" stores have had some phenomenal days during the week. Tuesday was also a record breaker, hundreds of customers coming from a distance and buying large bills of goods. One man came from the vicinity of Seneca Hill and purchased a large bill who had not been in Monongahela for 22 years. He stated that he formerly traded there, but of late years had drifted to other and nearer towns.

No Klux parades, band concerts and Boys' Brigade drills enliven the streets at night, and Monongahela is getting an influx of traders the town never had before.

PLANT WILL BE FINISHED IN DECEMBER

In the construction of the General Chemical company's plant at Newell, schedule time is being followed out by the contractors. If everything goes right the buildings will probably be completed by December 15, ready for the machinery to be installed. The main plant will be finished by the first of December, it is thought.

While the Nicola Construction company of Pittsburgh has the contract, and is doing the work, the Chemical company has two head men on the ground, E. E. Egelson and A. W. Taylor. The former is the man who has been on the ground ever since the starting of the plant, while the latter, who will be the superintendent of the Newell plant, arrived but recently.

If everything goes right, the company should have their machinery installed and the plant in operation by the first part of February.

COMMISSIONERS TALK OVER BRIDGE MATTERS

Commissioners O'Neil, Toole and Campbell and County Engineer Chalfant of Allegheny county, were in Washington yesterday and held a consultation with the county commissioners relative to the new bridge over the Monongahela river that is nearing completion. The matter of advertising for bids for the removal of the old bridge was also discussed.

As soon as the new bridge is thrown open for traffic the old bridge, which was condemned by the war department, will have to come down. It will have to be removed before April 1, 1910.

WESTMORELAND WANTS IMPROVED HIGHWAYS

Westmoreland county is going in strong for good roads. It has an association for the promotion of this desired object and yesterday thirty-five members traveled to Pittsburgh in automobiles, where a conference was held with the commissioners of Allegheny county. Plans will be prepared for the building of 200 miles of good roads in that county.

STATE TROOPS NEEDED NEAR THE COUNTY SEAT

Three members of the State constabulary arrived at Washington from Greensburg. They will patrol the roads leading into and through the various towns between Washington and Canonsburg.

Barbours Tonight

Lively burlesque is the promise of the Coye Theatre for tonight and tomorrow night and "The Moulin Rouge Girls" will supply the bill. The organization, though a new one, has already earned the good will of press and public. The company when it appears, here will present everything new and up to date. The girls, of which the show is mostly composed, are pretty, the costumes handsome, the singing good the dancing fine. There are 25 people in the cast including a number of high class vaudeville acts. For the burlesque lovers there are two new and up to the minute burlettas entitled "The Moulin Rouge Girls" and "Paris after Dark". The girls have lots of good gingersy singing and dancing numbers. Among the many features in the show is one called "Shadows" and of the sensational novelties that Paris has sent over here, this is the best ever.

We still have about 500 pair of shoes on sale. Big reductions while they last. C. R. Newcomer.

WANTED—Dining room girls, second cooks and chambermaids at once. Apply Charleroi Employment Agency, corner Fifth street, McKean avenue, Greensburg building. 5611

Investigate. Will sell at a bargain a nice up-right piano for cash, cheap. 410 Fifth street, Charleroi, Pa. 5602

CALIFORNIA MAY SINK A GAS WELL

The people of California, like those of Charleroi, do not intend to meekly submit to the impositions of the Greensboro Gas company, which recently declared a raise in price in towns along the valley, where they control the gas supply. The business men of California are up in arms, and will likely take action in the near future, that will either cause the Greensboro company to return to former prices, or be squeezed out of the town.

A meeting of the business men was held recently, and several ways discussed by which the people might secure justice. One that seemed to meet with some favor was that of establishing a home company and drilling a well to supply the residents of the town with gas at a reasonable price. Another means proposed was to have the Elwood company, which is a competing company with the Greensboro in Brownsville, to come in. No action was taken, however, this being deferred until a later meeting.

At Brownsville, only four or five miles distant from California, where the Greensboro Gas company has competition, the latter company furnished gas to consumers for 10 cents net a thousand cubic feet.

GOOD RECORDS IN COKE PRODUCTION

The Klondyke and Connellsville coke regions are now enjoying a good boom than in the record breaking year of 1907. The Pennsylvania railroad is shipping an average of 1,600 cars daily and this number

to produce the coke. The labor question, although serious, is not causing as much uneasiness now as the car shortage. Last Saturday many plants were compelled to stock coke because of having no cars to load.

Last week the shipments on all roads to Pittsburgh and points west were 12,563 cars, an increase of 35 cars over that of the preceding week. Shippers of foundry coke are handicapped because of a shortage of box cars and the officials expect these conditions to continue until after the fruit and grain movements are completed.

Every coke plant in the two regions is running to capacity the supply of labor will permit, and there are now in course of construction in the Klondyke coke region alone, 3,105 ovens.

MUNHALL TAKES UP HANDBILL QUESTION

The owner of a number of bill boards, located in Munhall filed a bill in equity in the Allegheny county courts to restrain the borough from putting in force the provisions of an ordinance which calls for the removal of all signs. The ordinance was to have taken effect October 16. The matter will now be placed with the courts for adjustment and the rights of a borough possibly defined in such cases.

Will Play Saturday

The Belle Vernon High School football for the trouble, and if the affair were in a Kentucky town it could well be called a feud, although there have not been any threats of violence to the best knowledge made by any of the persons belonging to the council. Some of the citizens have become weary of the monotony, and claim they want to pay their taxes, which accounts partly for the matter reaching court. The outcome of the agreement or disagreement is anxiously awaited by people along the valley.

The last week to get a pair of shoes at a greatly reduced price at C. R. Newcomer's.

Today is by the proclamation of State Superintendent of Schools Nathan C. Schaffer, Arbor Day, and in many schools of the State is being observed. The Charleroi schools are not observing it, however.

Get in line and be on time to attend. C. R. Newcomer's big reduction sale. It runs to October 27 only. 5602

IMMIGRANTS COME TO THIS VALLEY TO SECURE WORK

During the past week or so, there has been many immigrants from England and various countries in Europe, arriving to go to work in the factories and mines. The steamships are at present handling a larger number of incoming passengers than outgoing, and many come to this valley, where calls have been issued for more men. The outgoing trade for steamship is slack at this time, not being, according to Frank Riva, the Charleroi steamship agent, near normal. Last spring there was an influx of foreigners, who came here expecting to get work, but many of them had to return to their native lands.

ADULT ORGANIZED CLASSES UNIONIZE

A meeting of the five organized classes of the First Presbyterian Sunday school was held last evening at the church, at which a union was formed for the betterment of the organized work. The meeting was an aftermath of Sunday evening, when the organized classes of the First Presbyterians marched in a body to attend the district convention at Christ Lutheran church.

A feature of the meeting last night were reports from Rev. J. T. Hackett and Miss Mabel Strauss, delegate to the State convention. These reports showed that Washington county was away ahead. Out of the 26 international teachers training certificates that had been granted in the ball team will play the Charleroi first team on the local grounds on Saturday afternoon, the game to be called at 8:30 o'clock.

NEGRO RODE OUT OF TOWN ON RAIL

A negro who works for the Pittsburgh-Buffalo Coal company at Marianna, because he was on the business end of a large sized muss, is no longer to be seen around the model diggins.

It is stated that the negro, who had a propensity for securing money without the usual prolonged effort, compelled his better half to invite white men to loaf around and be disorderly. The good residents of the mining hamlet bore this as long as possible, then began to devise ways and means of putting a stop to the practice.

Accordingly one dark night this week, after an extra outburst from the dark man's shack, a party was formed, and went to the place. The negro wanted to reason, but the decency-lovers reasoned with a rail, and as a result within a wonderfully short time, the colored man and his propensity were riding the sharp side of the affair towards the extremity of town at a 2:20 clip. There he was unceremoniously dumped and his nose pointed in the opposite direction from the town, with a shove and few well chosen words meaning that he was to disappear. The negro disappeared all right and the Marianna residents are not fearing that he will return.

The State Railroad Commission gives evidence every once in awhile that it is of some benefit to the people. Yesterday it directed the Pittsburgh and Lake Erie to re-open its station at West Economy, which has been closed for some time, and which compelled patrons of the road to travel five miles for accommodations.

CHARLEROI NOT COUNTY'S DARK BLOT

In spite of the fact that Charleroi and surrounding towns have been considered in the past by some as the dark blot of the county, figures of the number of arrests the past year go to show that instead of being a fit example of "dark and bloody ground," it is really an example of an ideal manufacturing community. There has been much said of Charleroi and vicinity, not to its credit, and a few things with some truth, but the good things have been forgotten in these one-sided reports.

Charleroi may be considered model in some respects. It is well regulated, and the police force of three is sufficient to handle the few disorders. All the churches are exerting their uplifting influences and the Sunday schools are doing a great work. In fact the Sunday school work here in many respects leads the county and in some departments even the State. There are seven licensed hotels in the borough, but these are well regulated and conducted strictly according to law.

The figures of the arrests and hearings during the past six months shows an average of 62 per month. Carried through the entire year, the general average per month would probably not be more than 61 arrests, if that many. July is, as in other places the heavy month on account of the celebration of the Fourth. September was a light month for arrests, there being 54. October will also be light.

The above figures show really a remarkable state of a town in such a busy manufacturing community as this. Charleroi's population is estimated at 10,000, and with the towns and hamlets around that naturally send their trade here there are probably 20,000 people in all. Many of these are expected to cause disorder. However the number of disorders here is small, as can be seen from the figures. The arrests in main are for drunkenness, although a few fights furnish work for the police. The fights are practically among the foreign element; generally following a celebration, wedding, christening, or something else of a similar nature.

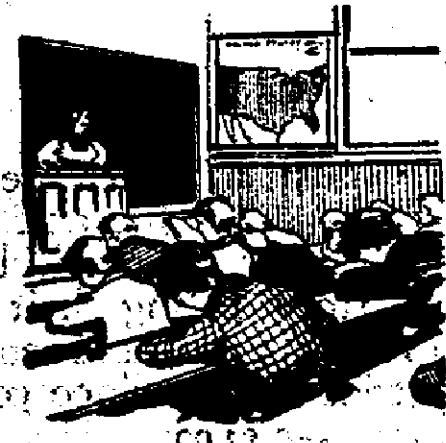

PITTSBURG RAILWAYS TO ABOLISH CROSSING

Following a conference of officials of the Pittsburgh Railways company and representatives of the Westmoreland county council the company has signed an agreement to pay \$13,000 toward abolishing the grade crossing over the Baltimore and Ohio Railroad at the entrance to Washington Park. The cost of the improvement will be about \$30,000 and the Baltimore and Ohio has agreed to stand one-third of this expense and release damages for the land. A bridge will be built over the crossing.

COUNTY WILL NO LONGER PAY COSTS

The Washington county commissioners have decided hereafter to pay no costs in cases where persons are committed to jail for trespassing on railroad trains. This is in keeping with a decision in the Montour county courts where it was decided that the county was not liable for costs in such cases, but was liable for the maintenance of persons committed to jail.

Close Application

and careless parents in childhood have placed glasses upon the nose of many people for life. It isn't pleasant to contemplate going through life ornamented with glasses, but it's lots better than "going it blind." Children's eyes should have careful attention. They should be examined at frequent intervals by a reliable optician. A little care may save them untold misery later. Examination free.

Rebuke Tariff Agitators.

Governor Stuart, Lieutenant Governor Murphy and others, in public addresses, forcibly have reminded the Pennsylvania voter of his duty this year. Repeatedly they have emphasized the necessity for a sweeping Republican majority and have warned the others against indifference.

Since the enactment of the Payne tariff law the LaFollettes, Cumminses, Briatons and other low tariff exponents have renewed their agitation for "progressive" tariff revision. Now progressive tariff revision is simply Democratic tariff revision, the sort of revision that paralyzes industries constructed under the protective tariff system. Some of the low tariff agitators are making speeches in the West, in which they endeavor to discredit the new tariff law. They hope to keep alive tariff agitation with its destructive influences upon the country's business.

The tariff question was settled at the recent session of Congress and settled right. The Payne law is bringing prosperity to the entire country and no other State will receive a larger share of this prosperity than Pennsylvania. The Keystone State will be the principal beneficiary under the protective system, and it has no patience with the agitation of the low tariff advocates. It should impress the country with this fact at the polls.

An unprecedented Republican majority at the first election after the enactment of the Payne law would be a rebuke to the free traders that would have a wholesome effect. The most direct way to sustain the protective tariff system is to vote the straight Republican ticket.

Call a Meeting.

As it has been established beyond the possibility of a doubt that the people of Charleroi can compel the Greensboro Gas company to show cause why it raised the price of gas

to consumers in Charleroi, when it is supplying the product to consumers in a town a few miles distant forty per cent cheaper, immediate steps should be taken toward that end. The matter has been talked about sufficiently to ventilate it from all sides. It is now time to act.

Toward that end a meeting of citizens should be called to effect an organization for the common good. A number of citizens have expressed their willingness to lend their aid in the matter, and there is no doubt but what the movement in that direction will be almost spontaneous, once it is started. The citizens in other towns where the Greensboro Gas company has taken advantage of its monopoly are also preparing to act, and it is possible to effect a combination of forces and act in a body. Donora and California are up in arms, and it is suggested they unite with Charleroi and compel the gas company to show cause at least why it is discriminating in a public service in the same locality.

Installed More Phones.

The Charleroi Telephone company has installed phones in the freight and passenger stations of the Pennsylvania railroad here, which is greatly appreciated by patrons of the line. The telephone company is also installing pole lines on the hills where none existed before.

Successful Operation.

Mrs. L. P. Flickinger, Jr., went through a serious operation at the Monessen-Charleroi Hospital yesterday, it being performed by Dr. J. Dixon of Pittsburg. There were several physicians present, among them being Dr. Gardner, of Ben Avon, Dr. J. C. Enos of Charleroi, Dr. A. C. Keble, of Pittsburg and Dr. Shoupe of Monessen and the hospital physicians. The operation was very successful and Mrs. Flickinger is getting along nicely.

Auto Passenger Line.

Automobile passenger service has been started between Washington and Fredericktown, with one regular trip each day. The route is through Centerville, Beallsville, Scenery Hill and Glyde. The one auto that is now being run leaves Fredericktown at 7:30 o'clock each morning, returning at 6 o'clock. Charles A. Bentley and William Marshall are back of the enterprise.

Citizens' Entertainment Course

Gertrude Goodwin Miller Concert Co.

GERTRUDE GOODWIN MILLER

The first number of the Citizens Entertainment course to be held in the School hall next Monday evening October 25th at 8:30 must be recognized by our good citizens as being the social event of the season. Miss Miller with her marvelous personal dramatic power and her company of musical artists open the series of entertainment and her advent into our community is creating a great stir amongst our citizens who are interested in charming, literary, dramatic and musical art. Miss Miller is heralded the country over as being a star among Lyceum entertainers and it is said of her that she makes the readers art seem greater than that of the actor, her characters materialize before her audiences as she presents them in love, hate, rejoicing and suffering, portraying human emotions in a remarkable and wonderful manner. Miss Miller's selections will be interspersed with selections by Paul B. Archibald, baritone; Ida Miller Smith, soprano; Francois Jores, pianist. This famous support warrants us in stating that this first number of the course will be a treat never to be forgotten by our Charleroi citizens. Already 225 reservations have been selected from the chart at Piper's Drug Store, yet because of the reseatting of the hall several splendid seats have been overlooked by those familiar with the old chart.

Because of the high order of the season's entertainment and with of course the single admission will be 50 cents this year. Doors open at 7:30 p. m. Entertainment commences 8:00. This will give merchants and business an opportunity of attending after closing hours.

THE HIGH ARCH IN THE KING QUALITY

The King Quality "Hi-Arch" shoe is a strikingly original and stylish model. The two-inch heel, short forefoot, and the graceful "Hi-Arch" give this model a smartness that appeals strongly to the younger set.

Ask your dealer to show you "The Harvard" and "The Yale," two KING QUALITY MODELS on the "Hi-Arch" last. You will pronounce these shoes the smartest ever.

The KING QUALITY SHOE in all styles is literally built like a watch, so cleverly and precisely are the parts put together. The best of materials throughout. Even the thread used is of superior quality—real Irish flax for the soles and the strongest of silk for all outside sewing.

Do you wonder that the KING QUALITY SHOE is worn by fashionable dressers?

Headquarters at 901 Crest avenue. All checks and money orders must be made payable to George W. Moody. Oct. 15-22-29

Certain Ingredients if Properly Combined, Stimulate Human Hair Growth.

Resorcin is one of the most effective germ destroyers ever discovered. Beta-naphthol is a most powerful, yet absolutely safe germicide and antiseptic, which prevents development of germ matter, and creates a clean, healthy condition.

Pilocarpine, although not a coloring matter or dye, is an ingredient well established for its power to restore natural color to human hair.

Borax, because of its well-defined softening and cleansing properties, is most useful in the treatment of scalp and hair disease. Glycerine acts as a stimulant to the hair bulbs and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities. Rexall "93" Hair Tonic is chiefly composed of these ingredients which are compounded in a peculiar form and we believe it is the most effective remedy to medical science for scalp and hair troubles generally. We personally guarantee it to eradicate dandruff and scalp irritations and to grow hair, even though the scalp in spots is bare of hair, providing, of course, there is life and vitality remaining in the hair roots.

We want every one troubled with scalp disease, dandruff or loss of hair to try Rexall "93" Hair Tonic. If it does not remove dandruff and promote a growth of hair to the satisfaction of the user, we will without question or quibble return every cent paid for it. This guarantee is printed on every package. It has effected most satisfactory results in 93 out of 100 cases where put to a practical test.

Rexall "93" Hair Tonic is entirely unlike and in every particular different from anything else we know of for the purpose for which it is recommended. We urge you to try it at our entire risk. Certainly we could offer no better guarantee. Two sizes, 50 cents and \$1.00. Sold in Charleroi only at our store—The Rexall Store. John W. Carroll.

One Cent

CITIZENS PROPERLY AROUSED

In all probability a meeting of citizens will be called shortly to take some steps toward protesting against the arbitrary raise in the price of gas by the Greensboro Gas company, which has a monopoly in that public service in Charleroi. Both Donora and California, where the company also has a monopoly in the service, are making a big kick and a movement is on foot to have all three towns unite in legal proceeding to compel the gas company to show cause why it raised the price to consumers in these three towns when in others not far distant its rate is forty per cent. or more lower.

The plan suggested is to file a bill of equity with the court, as was done against the Charleroi Water company here. Natural gas companies are quasi-public corporations at least, and the transportation and supply of natural gas for public consumption is declared by law to be a public use and is therefore subject to inquiry and regulation. While the law permits a gas company to increase its rates in the event of a failing supply, the fact that the Greensboro company is discriminating in its rates to the public seems to be good grounds for the belief that the increase was made solely because the company has the power to do so. All the towns have been exceedingly liberal with the Greensboro Gas company, and none of them have enforced the police regulations against it that boroughs are legally entitled to do.

One of the police regulations that the company has always escaped in Charleroi, at least, is taxing the pipes in the borough. It has been decided in the higher courts that boroughs have this right and are clearly entitled to it because of the expense and danger the companies entail on the public by reason of occupying streets and other public places. One of the notable cases on record is that of the borough of Kittanning which imposed a license tax of \$30 a mile on all pipes of the Kittanning Consolidated Natural Gas company. This concern claimed the tax was excessive, and carried it to the highest court of appeals, but that body decided that the \$30 a mile tax was a reasonable license tax. A sentiment is now in favor of making the gas company comply with all reasonable regulations, inasmuch as it has seen fit to apparently bleed the public simply because it has the power to do so.

TRUANT OFFICER ARRESTS PARENT

George Burwin was before Justice S. E. Wilson last night, on a charge preferred by Truant Officer Gilbert Uptegraft, of keeping his 12-year-old daughter out of school.

Truant Officer Uptegraft said that he had learned that the girl had not been in attendance at school for ten days, the excuse of sickness offered, not being entirely correct. The man was found guilty and fined \$2.00 and costs. If the offense is repeated he will be arrested and given a heavier fine.

Chicken and biscuit supper under the auspices of the Ladies Aid, in basement of First Christian church, Saturday, October 23, 1909. Children under 10 years, 25 cents. Adults 35 cents.

TREASURER LANE NOT AMONG THOSE WHO WERE DUNNED

County Treasurer W. E. Lane is one of the county treasurers of the State that has not been "dunned" by State Treasurer Shantz to turn in the fines received from justices for Sabbath breaking. During the period from January 1 to October 1 he has forwarded to the State Treasurer \$36. Fines amounting to \$30.75 have been forwarded to the Secretary of the Department of Fisheries for violation of the fish laws, also fines amounting to \$6.75 to the Secretary of the Game Commission for violation of the game laws.

FOUR MONTHS ONLY LEFT FOR BUSINESS

Whether the Roscoe council will get any business transacted this fiscal year or not is a question. There are yet four months to go, and no business transacted as yet, not even an organization, and unless the court sets things aright there will not be any business done. A great deal depends on the case in court set for argument on Monday, October 25.

There are two factions, one led by M. Collins and the other by Alf Thomas, each claiming to be the regularly organized councilmanic body. Which one really is legal is a problem that Socrates would have lost sleep over. But the people of the little place are comparatively happy, being free from some burdensome taxes. There not having been any meeting there could not be any tax levy fixed, and there were no bills, so there is a period of ease.

Naturally each faction blames the State this county got ten. There are 1,164 adult organized classes in the State. Of this number there are 40 in the First Washington county district, and 30 in Charleroi. The Charleroi classes are grouped as follows: Methodist, 8; Christian, 7; First Presbyterian, 5; Washington Avenue Presbyterian, 3; Lutheran, 2; African Methodist, 2; French Presbyterian, 1; Baptist, 1; Episcopal, 1. In the First Presbyterian Sunday school, there is an organized class for every 48 pupils. After the hearing of the reports and the discussion of various others matters in connection therewith, a social session was held, and light refreshments were served. Out of the 110 members of the organized classes, over 100 were present.

FIRST TIME IN TOWN SINCE '88

"Booster Week" at Monongahela, which began last Saturday under most auspicious circumstances, has proven a signal success all the week, and promises to wind up Saturday with a climax that will surpass all trade records. After the openings last Saturday, which surpassed all previous trade records, the "booster" stores have had some phenomenal days during the week. Tuesday was also a record breaker, hundreds of customers coming from a distance and buying large bills of goods. One man came from the vicinity of Scenery Hill and purchased a large bill who had not been in Monongahela for 22 years. He stated that he formerly traded there, but of late years had drifted to other and nearer towns.

Ku Klux parades, band concerts and Boys' Brigade drills enliven the streets at night, and Monongahela is getting an influx of traders the town never had before.

PLANT WILL BE FINISHED IN DECEMBER

In the construction of the General Chemical company's plant at Newell, schedule time is being followed out by the contractors. If everything goes right the buildings will probably be completed by December 15, ready for the machinery to be installed. The main plant will be finished by the first of December, it is thought.

While the Nicola Construction company of Pittsburgh has the contract, and is doing the work, the Chemical company has two head men on the ground, E. E. Egelson and A. W. Taylor. The former is the man who has been on the ground ever since the starting of the plant, while the latter, who will be the superintendent of the Newell plant, arrived but recently.

If everything goes right, the company should have their machinery installed and the plant in operation by the first part of February.

COMMISSIONERS TALK OVER BRIDGE MATTERS

Commissioners O'Neill, Toole and Campbell and County Engineer Chalfant of Allegheny county, were in Washington yesterday and held a consultation with the county commissioners relative to the new bridge over the Monongahela river that is nearing completion. The matter of advertising for bids for the removal of the old bridge was also discussed.

As soon as the new bridge is thrown open for traffic the old bridge, which was condemned by the war department, will have to come down. It will have to be removed before April 1, 1910.

WESTMORELAND WANTS IMPROVED HIGHWAYS

Westmoreland county is going in strong for good roads. It has an association for the promotion of this desired object and yesterday thirty-five members traveled to Pittsburgh in automobiles, where a conference was held with the commissioners of Allegheny county. Plans will be prepared for the building of 200 miles of good roads in that county.

STATE TROOPS NEEDED NEAR THE COUNTY SEAT

Three members of the State constabulary arrived at Washington from Greensburg. They will patrol the roads leading into and through the various towns between Washington and Canonsburg.

Burlesque Tonight.

Lively burlesque is the promise of the Croy Theatre for tonight and tomorrow night and "The Moulin Rouge Girls" will supply the bill. The organization, though a new one, has already earned the good will of press and public. The company when it appears here will present everything new and up to date. The girls, of which the show is mostly composed, are pretty, the costumes handsome, the singing good the dancing fine. There are 25 people in the cast including a number of high class vaudeville acts. For the burlesque lovers there are two new and up to the minute burlettas entitled "The Moulin Rouge Girls' Ball" and "Paris after Dark". The girls have lots of good gogyery singing and dancing numbers. Among the many features in the show is one called "Shadows" and of the sensational novelties that Paris has sent over here, this is the best ever.

We still have about 500 pair of shoes on sale. Big reductions while they last. C. R. Newcomer.

WANTED—Dining room girls, second cooks and chambermaids at once.

Apply Charleroi Employment Agency, corner Fifth street, McKean avenue, Greenberg building. 564

Investigate. Will sell at a bargain a nice up right piano for cash, cheap. 410 Fifth street, Charleroi, Pa. 567

CALIFORNIA MAY SINK A GAS WELL

The people of California, like those of Charleroi, do not intend to meekly submit to the impositions of the Greensboro Gas company, which recently declared a raise in price in towns along the valley, where they control the gas supply. The business men of California are up in arms, and will likely take action in the near future, that will either cause the Greensboro company to return to former prices, or be squeezed out of the town.

A meeting of the business men was held recently, and several ways discussed by which the people might secure justice. One that seemed to meet with some favor was that of establishing a home company and drilling a well to supply the residents of the town with gas at a reasonable price. Another means proposed was to have the Elwood company, which is a competing company with the Greensboro in Brownsville, to come in. No action was taken, however, this being deferred until a later meeting.

At Brownsville, only four or five miles distant from California, where the Greensboro Gas company has competition, the latter company furnishes gas to consumers for 10 cents net, a thousand cubic feet.

GOOD RECORDS IN COKE PRODUCTION

The Klondyke and Connellsville coke regions are now enjoying a greater boom than in the record breaking year of 1907. The Pennsylvania railroad is shipping an average of 1,600 cars daily and this number would be increased if it were possible to produce the coke.

The labor question, although serious, is not causing as much uneasiness now as the car shortage. Last Saturday many plants were compelled to stock coke because of having no cars to load.

Last week the shipments on all roads to Pittsburgh and points west were 12,563 cars, an increase of 35 cars over that of the preceding week. Shippers of foundry coke are handicapped because of a shortage of box cars and the officials expect these conditions to continue until after the fruit and grain movements are completed.

Every coke plant in the two regions is running to capacity the supply of labor will permit, and there are now in course of construction in the Klondyke coke region alone, 3,105 ovens.

MUNHALL TAKES UP HANDBILL QUESTION

The owner of a number of bill boards located in Munhall filed a bill in equity in the Allegheny county courts to restrain the borough from putting in force the provisions of an ordinance which calls for the removal of all signs. The ordinance was to have taken effect October 16. The matter will now be placed with the courts for adjustment and the rights of a borough possibly defined in such cases.

Will Play Saturday.

The Belle Vernon High School football team for the trouble, and if the affair were in a Kentucky town it could well be called a feud, although there have not been any threats of violence to the best knowledge made by any of the persons belonging to the council. Some of the citizens have become weary of the monotony, and claim they want to pay their taxes, which accounts partly for the matter reaching court. The outcome of the agreement or disagreement is anxiously awaited by people along the valley.

The last week to get a pair of shoes at a greatly reduced price at C. R. Newcomer's.

Today is by the proclamation of State Superintendent of Schools Nathan C. Schaefer, Arbor Day, and in many schools of the State is being observed. The Charleroi schools are not observing it, however.

Get in line and be on time to attend C. R. Newcomer's big reduction sale. It lasts to October 27 only.

IMMIGRANTS COME TO THIS VALLEY TO SECURE WORK

During the past week or so, there has been many immigrants from England and various countries in Europe, arriving to go to work in the factories and mines. The steamships are at present handling a larger number of incoming passengers than outgoing, and many come to this valley, where calls have been issued for more men. The outgoing trade for steamship is slack at this time, not being, according to Frank Riva, the Charleroi steamship agent, very heavy. Last spring there was an influx of foreigners, who came here expecting to get work, but many of them had to return to their native lands.

ADULT ORGANIZED CLASSES UNIONIZE

A meeting of the five organized classes of the First Presbyterian Sunday school was held last evening at the church, at which a union was formed for the betterment of the organized work. The meeting was an aftermath of Sunday evening, when the organized classes of the First Presbyterians marched in a body to attend the district convention at Christ Lutheran church.

A feature of the meeting last night were reports from Rev. J. T. Hackett and Miss Mabel Strauss, delegate to the State convention. These reports showed that Washington county was away ahead. Out of the 26 international teachers training certificates that had been granted in the ball team will play the Charleroi first team on the local grounds on Saturday afternoon, the game to be called at 3:30 o'clock.

NEGRO RODE OUT OF TOWN ON RAIL

A negro who works for the Pittsburg-Buffalo Coal company at Marianna, because he was on the business end of a large sized muss, is no longer to be seen around the model diggins.

It is stated that the negro, who had a propensity for securing money without the usual prolonged effort, compelled his better half to invite white men to loaf around and be disorderly. The good residents of the mining hamlet bore this as long as possible, then began to devise ways and means of putting a stop to the practice.

Accordingly one dark night this week, after an extra outburst from the dark man's shack, a party was formed, and went to the place. The negro wanted to reason, but the decency-lovers reasoned with a rail, and as a result within a wonderfully short time, the colored man and his propensity were riding the sharp side of the affair towards the extremity of town at a 2:20 clip. There he was unceremoniously dumped and his nose pointed in the opposite direction from the town, with a shove and few well chosen words meaning that he was to disappear. The negro disappeared all right and the Marianna residents are not fearing that he will return.

The State Railroad Commission gives evidence every once in awhile that it is of some benefit to the people. Yesterday it directed the Pittsburg and Lake Erie to re-open its station at West Economy, which has been closed for some time, and which compelled patrons of the road to travel five miles for accommodations.

CHARLEROI NOT COUNTY'S DARK BLOT

In spite of the fact that Charleroi and surrounding towns have been considered in the past by some as the dark blot of the county, figures of the number of arrests the past year go to show that instead of being a fit example of "dark and bloody" ground, it is really an example of an ideal manufacturing community. There has been much said of Charleroi and vicinity, not to its credit, and a few things with some truth, but these good things have been forgotten in these one-sided reports.

Charleroi may be considered model in some respects. It is well regulated, and the police force of three is sufficient to handle the few disorders. All the churches are exerting their uplifting influences and the Sunday schools are doing a great work. In fact the Sunday school work here in many respects leads the county and in some departments even the State. There are seven licensed hotels in the borough, but these are well regulated and conducted strictly according to law.

The figures of the arrests and hearings during the past six months shows an average of 62 per month. Carried through the entire year, the general average per month would probably not be more than 61 arrests, if that many. July is, as in other places the heavy month on account of the celebration of the Fourth. September was a light month for arrests, there being 54. October will also be light.

The above figures show really a remarkable state of a town in such a busy manufacturing community as this. Charleroi's population is estimated at 10,000, and with the towns and hamlets around that naturally send their trade here there are probably 20,000 people in all. Many of these are foreigners, who would naturally be expected to cause disorder. However the number of disorders here is small, as can be seen from the figures. The arrests in main are for drunkenness, although a few fights furnish work for the police. The fights are practically among the foreign element, generally following a celebration, wedding, christening, or something else of a similar nature.

PITTSBURG RAILWAYS TO ABOLISH CROSSING

Following a conference of officials of the Pittsburg Railways company and representatives of the Washington county councils the company has signed an agreement to pay \$18,000 toward abolishing the grade crossing over the Baltimore and Ohio Railroad at the entrance to Washington Park. The cost of the improvement will be about \$30,000 and the Baltimore and Ohio has agreed to stand one-third of this expense and release damages for the land. A bridge will be built over the crossing.

COUNTY WILL NO LONGER PAY COSTS

The Washington county commissioners have decided hereafter to pay no costs in cases where persons are committed to jail for trespassing on railroad trains. This is in keeping with a decision in the Montour county courts where it was decided that the county was not liable for costs in such cases, but was liable for the maintenance of persons committed to jail.

J. K. Tener, Pres. S. A. Walton, Vice Pres. R. H. Rush, Cashier.

Rebuke Tariff Agitators.

Governor Stuart, Lieutenant Governor Murphy and others, in public addresses, forcibly have reminded the Pennsylvania voter of his duty this year. Repeatedly they have emphasized the necessity for a sweeping Republican majority and have warned the others against indifference.

Since the enactment of the Payne tariff law the LaFollette, Cumminses, Bristows and other low tariff exponents have renewed their agitation for "progressive" tariff revision. Now progressive tariff revision is simply Democratic tariff revision, the sort of revision that paralyzes industries constructed under the protective tariff system. Some of the low tariff agitators are making speeches in the West, in which they endeavor to discredit the new tariff law. They hope to keep alive tariff agitation with its destructive influences upon the country's business.

The tariff question was settled at the recent session of Congress and settled right. The Payne law is bringing prosperity to the entire country and no other State will receive a larger share of this prosperity than Pennsylvania. The Keystone State will be the principal beneficiary under the protective system, and it has no patience with the agitation of the low tariff advocates. It should impress the country with this fact at the polls.

An unprecedented Republican majority at the first election after the enactment of the Payne law would be a rebuke to the free traders that would have a wholesome effect. The most direct way to sustain the protective tariff system is to vote the straight Republican ticket.

Call a Meeting.

As it has been established beyond the possibility of a doubt that the people of Charleroi can compel the Greensboro Gas company to show cause why it raised the price of gas

to consumers in Charleroi, when it is supplying the product to consumers in a town a few miles distant forty per cent. cheaper, immediate steps should be taken toward that end. The matter has been taken about so efficiently to ventilate it from all sides. It is now time to act.

Toward that end a meeting of citizens should be called to effect an organization for the common good. A number of citizens have expressed their willingness to lend their aid in the matter, and there is no doubt but what the movement in that direction will be almost spontaneous, once it is started. The citizens in other towns where the Greensboro Gas company has taken advantage of its monopoly are also preparing to act, and it is possible to effect a combination of forces and act in a body. Donora and California are up in arms, and it is suggested they unite with Charleroi and compel the gas company to show cause at least why it is discriminating in a public service in the same locality.

Installed More Phones.

The Charleroi Telephone company has installed 'phones in the freight and passenger stations of the Pennsylvania railroad here, which is greatly appreciated by patrons of the line. The telephone company is also installing pole lines on the hills where none existed before.

DON'T FORGET THE PLACE

Successful Operation.

Mrs. L. P. Flickinger, Jr., went through a serious operation at the Monessen-Charleroi Hospital yesterday, it being performed by Dr. J. Dixon of Pittsburg. There were several physicians present, among them being Dr. Gardner, of Ben Avon, Dr. J. C. Enos of Charleroi, Dr. A. C. Kebler, of Pittsburg and Dr. Shoupe of Monessen and the hospital physicians. The operation was very successful and Mrs. Flickinger is getting along nicely.

Auto Passenger Line.

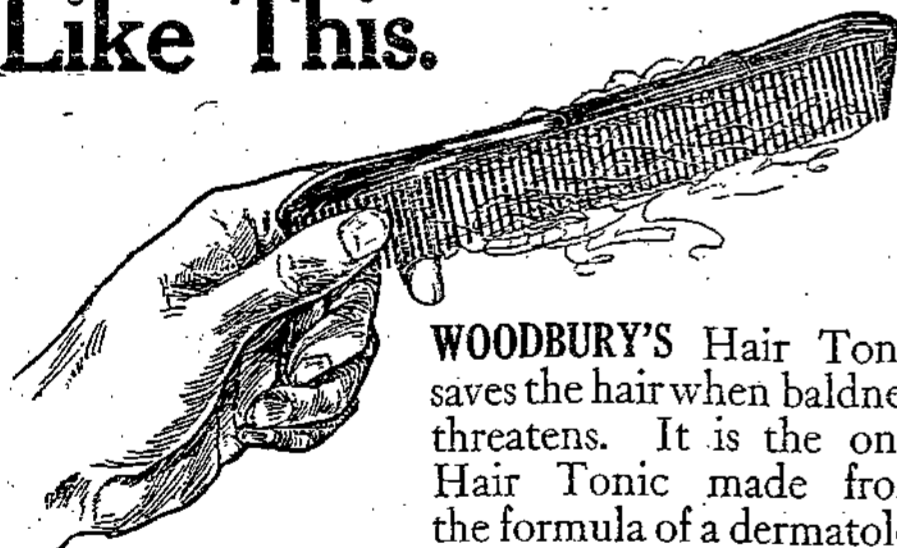

Automobile passenger service has been started between Washington and Fredericktown, with one regular trip each day. The route is through Centerville, Beallsville, Scenery Hill and Glyde. The one auto that is now being run leaves Fredericktown at 7:30 o'clock each morning returning at 6 o'clock. Charles A. Bentley and William Marshall are back of the enterprise.

You are getting bald
if your comb looks
Like This.

WOODBURY'S Hair Tonic saves the hair when baldness threatens. It is the only Hair Tonic made from the formula of a dermatologist. During the past forty years the Specialists at the Famous WOODBURY INSTITUTE treated many thousands of cases of hair and scalp troubles, and when you use WOODBURY'S preparations you get all the advantage of this vast experience.

Woodbury's COMBINATION Hair Tonic

saves the hair when all other preparations fail. It brings new life and vigor to the hair and makes it beautiful and abundant. It stops falling hair; instantly relieves itching scalp and removes dandruff. A trial will convince you.

Two Sizes—25c. and \$1.00

Users of Woodbury's Preparations are privileged to write at any time to the Specialists at Woodbury's Institute for information regarding the care of the hair and complexion.

GERTRUDE GOODWIN MILLER

The first number of the Citizens Entertainment course to be held in the School hall next Monday evening October 25th at 8:30 must be recognized by our good citizens as being the social event of the season. Miss Miller with her marvelous personal dramatic power and her company of musical artists open the series of entertainment and her advent into our community is creating a great stir amongst our citizens who are interested in charming, literary, dramatic and musical art. Miss Miller is heralded the country over as being a star among Lyceum entertainers.

selections will be interspersed with selections by Paul B. Archibald, baritone; Ida Miller Smith, soprano; Francois Jores, pianist. This famous support warrants us in stating that this first number of the course will be a treat never to be forgotten by our Charleroi citizens. Already 225 reservations have been selected from the chart at Piper's Drug Store, yet because of the seating of the hall several splendid seats have been overlooked by those familiar with the old chart.

Because of the high order of the course the single admission will be 50 cents this year. Doors open at 7:30 p. m. Entertainment commences 8:00. This will give merchants and audience an opportunity of attending after business hours.

THE HIGH ARCH IN THE KING QUALITY

The King Quality "Hi-Arch" shoe is a strikingly original and stylish model. The two inch heel, short footpad, and the graceful "Hi-Arch" give this model a smartness that appeals strongly to the younger set.

Ask your dealer to show you "The Harvard" and "The Yale," two KING QUALITY MODELS on the "Hi-Arch" last. You will pronounce these shoes the smartest ever.

The KING QUALITY SHOE is all styles is literally built like a watch, so clearly and precisely are the parts put together. The best of materials throughout. Even the thread used is of superior quality—real Irish flax for the soles and the strongest of silk for all outside sewing.

Do you wonder that the KING QUALITY SHOE is worn by fashionable dressers?

THEY GROW HAIR

Resorcin is one of the most effective germ destroyers ever discovered. Beta-naphthol is a most powerful, yet absolutely safe germicide and antiseptic, which prevents development of germ matter, and creates a clean, healthy condition.

Pilocarpine, although not a coloring matter or dye, is an ingredient well established for its power to restore natural color to human hair.

Borax, because of its well-defined softening and cleansing properties, is most useful in the treatment of scalp and hair disease. Glycerine acts as a stimulant to the hair bulbs and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities. Rexall "98" Hair Tonic is chiefly composed of these ingredients which are compounded in a peculiar form and we believe it is the most effective remedy to medical science for scalp and hair troubles generally. We personally guarantee it to eradicate dandruff and scalp irritations and to grow hair, even though the scalp is in spots is bare of hair, providing of course there is life and vitality remaining in the hair roots.

We want every one troubled with scalp disease, dandruff or loss of hair to try Rexall "98" Hair Tonic. If it does not remove dandruff and promote a growth of hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. This guarantee is printed on every package. It has effected most satisfactory results in 98 out of 100 cases where put to a practical test.

Rexall "98" Hair Tonic is entirely unlike and in every particular different from anything else we know of for the purpose for which it is recommended. We urge you to try it at our entire risk. Certainly we could offer no better guarantee. Two sizes, 50 cents and \$1.00. Sold in Charleroi only at our store—The Rexall Store. John W. Carroll.

Children's Footwear ...IS OUR SPECIALTY...

We've sturdy, sensible Children's Shoes with soft strong uppers and good stout soles—plenty of good styles to choose from—comfortable, easy fitting toe shapes.

Shoes for dress, street or play and all priced at the lowest possible price consistent with the

quality. Children's Shoes are a specialty here, or we might say one of our specialties—another specialty is to see that growing feet are fitted correctly. In buying shoes for children here, parents have unlimited variety from which to choose. Each and every pair of shoes is built upon the common-sense principle.

CHILDREN'S SHOE PRICES
50c, 75c, \$1.00, \$1.25, \$1.50, \$1.75, to \$2.50
ACCORDING TO SIZE

Fall styles are ready and we would like to demonstrate what we can do in the way of Shoeing the Children.

Louis Beigel
FOR GOOD SHOES
ARMY KEAN AVE.

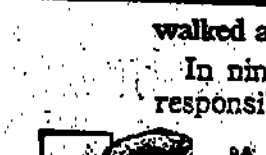

To every woman in our city

Not every night, but often, you feel tired, worn out, as though you didn't have strength to do another thing.

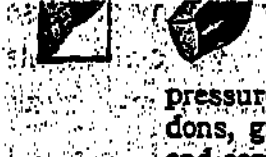

Have you ever stopped to think "What is the cause?" You feel this way most when you have been on your feet most, the days when you have stood or walked a good deal.

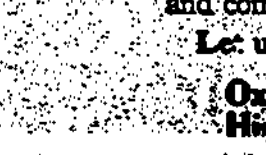

In nine cases out of ten, SHOES are responsible.

Let us fit you in the Red Cross Shoe. It entirely prevents the burning, drawing and aching that stiff soles cause. It is wonderful how it saves your strength.

Tanned by the special Red Cross process, the sole is flexible, it bends with your foot, relieves all the pressure on the delicate nerves and tendons, giving a feeling of freedom, ease and comfort found in no other shoe.

Let us fit you.
